Charities Commission Registration No CC20331

## Target 86 – Donor Programme

Can you imagine what it would be like if every household in Christchurch donated \$2.00 a week to charity? We can. It would mean over 14 million dollars donated within Canterbury for local charities to work in our local community.

We don't want \$14 million; we don't want \$2.00 from every household. **We want \$5.00 per week from 86 donors.** That's all!

**Five dollars a week from 86 donors** would cover all our overhead costs (i.e. rent, power, phones/internet, stationery, mileage, postage etc).

**Five dollars a week from 86 donors** would mean that every other cent raised by the organisation would go to direct service provision for clients.

You can help us by simply donating **\$5.00 per week** for a year?

Look at our website [www.tpa.org.nz](http://www.tpa.org.nz) see the work we do and the services we offer. Many of you will have used our services, or been involved with our organisation. You know what we do and how well we do it. It makes sense to give your charitable dollars to an organisation you know, and understand well.

Tenants Protection Association (ChCh) Inc is registered with the Charities Commission and all charitable donations over \$5 are tax deductible.

To become a Target 86 donor complete the [Automatic Payment Form Target 86 Donor](#) and send it to us or take it to your bank or make payments through your internet banking, (our account details are on the AP form).

Please complete the [Target 86 Donor Advice Form](#) and send to us so we have the details we need to send you an annual receipt.

Thank your for supporting Tenants Protection Association (ChCh) Inc.
